Moss Point, MS 39563

Dear Mayor Byrd,

I thank you, the Board of Aldermen, and your staff for all that has been done to pull this project together. My office has worked diligently throughout this session to bring home funding that will help fund economic projects in our city. During the 2021 Legislative session, my office requested **\$2,753,450** in state aid for economic development to be sent to the City of Moss Point. It is my pleasure to inform you that we were able to secure **\$2,403,450** for various economic development projects this year.

Please find the funding request breakdown for the City of Moss Point:

- The Magnificent Mile I-10 project is a great project containing many transformational aspects. The increased access to HWY 63 is key to further economic growth of the 63 corridor. I am pleased to inform you that the Legislature agrees and has appropriated full funding for our project in the amount of **\$2,000,000.00**. The appropriation conference report that contains these funds is **SB2951**.
- The Sunset Pier and Sidewalk Extension project was the project my office selected and advocated as a priority during the 2021 Legislative Session. We believe this project will have a significantly positive economic impact on the city. I have reviewed the project and it is my conclusion that this project is extremely feasible and yields many economic benefits to our community. I am proud to inform you that the Legislature agrees and has appropriated full funding for our project in the amount of **\$403,450.00**. The appropriation conference report that contains these funds is **HB1412**.

If you have any questions or would like further explanation of these budget appropriations, please do not hesitate to contact me.
