Honorable Mayors,

As you know, Gov. Tate Reeves has lifted parts of the mask mandate that has been in force for months. That mandate has resulted in a significant decrease in the number of COVID-19 cases and deaths.

I believe our communities would be better served by keeping a mask mandate in place in Moss Point and Pascagoula. We only need to look at some of the states that have lifted restrictions on public gatherings and businesses to see that that decision has led to spikes in cases and deaths. I would hate to see that repeated in our communities.

While many of our citizens know the benefits of wearing masks and will continue to wear them, too many others won't. I believe that your mask mandates will continue to help keep all people safer and will continue to hold this horrible disease in check. Your actions can and will help reduce the spread of COVID-19 as we enter these crucial fall months.

Respectfully Yours,
